[Docket Number FRA-2003-15012]

Petition for Extension of Waiver of Compliance

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that on November 17, 2022, Canadian National Railway Company (CN) petitioned the Federal Railroad Administration (FRA) for an extension of a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 241 (United States Locational Requirements for Dispatching of United States Rail Operations). The relevant FRA Docket Number is FRA-2003-15012.

Therefore, CN is only seeking relief for the locations dispatched by the Rail Traffic Control Center in Edmonton, Alberta, Canada. In support of its request, CN states that it is "unaware of any issues that have developed since 2018 regarding the current arrangement [of
